🗄 Data Tables

Data Tables are published on the Account Center under the Operating Regulations & Technical Specifications section and updated in accordance with existing timeframes.

Clients are responsible for reviewing the data tables and ensuring changes are made by the effective date.

Update Network flag indicator: To improve the quality of International Acceptance across DN and DCI networks, the Network flag indicator for ranges 65000800-65999899 is being updated.

Details can be found on the ChangeLog tab.

IIN Range Table
The eIIN file with these changes will be sent to clients on June 13, 2024.
