

MISSION CRITICAL APPLICATIONS

FLEET MANAGEMENT

OPTIMIZE RADIO UPTIME

Streamline the management of your radio fleet while ensuring your first responders can accomplish their mission without interruptions.

OVER-THE-AIR REKEYING

- Quickly change and manage the distribution of encryption keys
- Increase security, minimize risks and stay ahead of cyber attacks
- Simplify key management logistics

SOFTWARE UPDATES

- Update your entire radio fleet smoothly
- Add or remove channels; modify talkgroups or change contact lists
- No service disruption

REMOTE PROGRAMMING

- Program multiple radios from your own location
- Store radio configurations in an easy-to-use database
- Reduce programming time, labor and fuel costs from travel
