

**MISSION PATHWAYS**

Inspire transformation.

# SOFTWARE FOR YOUR MISSION

Mission Pathways is a digital platform with a purpose: to equip churches to manage events, run small groups and ministries, engage volunteers, and measure impact. Replace your sticky notes, excel documents, Sign-Up-Genius forms, and Google sheets with one integrated digital solution that empowers you to build engaged, joy-filled disciples.

- **Create and implement your evangelization and discipleship plan in one platform**
- **Seamlessly execute events, manage small groups, and coordinate logistics**
- **Find volunteers based on demographic data, spiritual gifts, and interests**
- **Communicate with individuals via email or text**
- **Track progress and measure what matters: spiritual transformation**

# MOVE FROM MAINTENANCE TO MISSION

 <b>EVENT MANAGEMENT</b>	 <b>SMALL GROUP MANAGEMENT</b>	 <b>VOLUNTEER MANAGEMENT</b>	 <b>MEANINGFUL METRICS</b>
Run evangelization events like Alpha® and ChristLife™. Coordinate logistics, participants, and volunteers. Evaluate effectiveness based on data and feedback to optimize your church's events and reach more people.	Facilitate parishioners' formation journeys through features to manage small groups, ministries, Bible studies, and more. Registration forms, participant profiles, and communication tools keep you organized.	Build contact lists, assign volunteer roles, find new leaders based on their involvement, and invite past participants to take the next step.	Dashboards translate your data into meaningful metrics to measure effectiveness from a variety of perspectives and provide insight so you can grow your mission.

"Mission Pathways helps us to be more organized and pushes us to track people as they work through the MQOA Discipleship Pathway. It is a great tool to gather and organize basic contact info and track where our guests are on their faith journey, especially if they are new to faith or a renewal of faith."

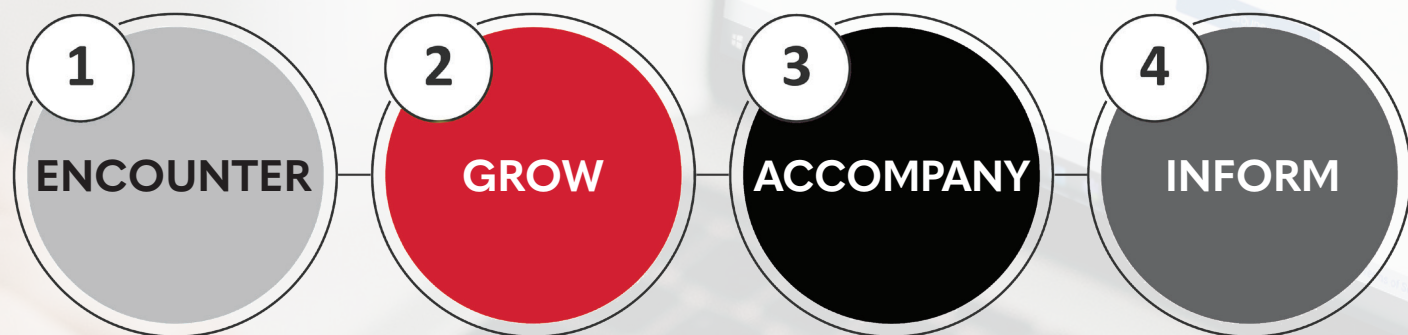

— Steven Antonio, Director of Family Engagement  
Mary, Queen of the Apostles, Massachusetts

# SET YOUR EVANGELIZATION & DISCIPLESHIP PLANS IN MOTION

Mission Pathways is organized into four modules to empower parish staff and volunteers to establish the processes that build joy-filled disciples. Begin by entering your Evangelization and Discipleship strategy. Then, utilize the Encounter, Grow, Accompany, and Inform modules to set your plan in motion.

Disciples begin their journey through an encounter with the Lord – whether they're moved by powerful words from a guest speaker, experience community, or come to know Christ through prayer. Encounter contains event and volunteer management features.

As participants transition from Encounter events, be prepared to guide them toward deeper faith. Grow builds upon Encounter to help you facilitate groups and ministries. You can easily track groups, launch new initiatives, and guide participants to take the next step in faith.

The Accompany module in Mission Pathways provides you with a personal snapshot of where individuals are at in their discipleship journey, what their strengths are, and how they might be best invited to deepen their commitment to the faith.

Inform takes your information from the Encounter and Grow modules and translates it into meaningful metrics with dashboards. It is your center to identify trends in involvement and to evaluate overall effectiveness

# A CATHOLIC COMPANY HONORING CATHOLIC VALUES.

## MISSION PATHWAYS SUCCESS COACHING

Engage your Mission Pathways Success Coach to learn how to set up your evangelization and discipleship plan, align your ministries, engage ministry leaders in how to use the software, and understand what the data is telling you about parish life. With this information, you can see where your biggest challenges are and discuss how to meet them.

## MISSION PATHWAYS EXISTS TO IGNITE PARISH RENEWAL

Our team has a combined experience of over 50 years serving the Catholic Church through technology. We are active in evangelization and discipleship at our churches, sit on our churches' leadership boards, and work with organizations at the forefront of evangelization. We are passionate about supporting you in building missionary disciples who provide increased time, talent, and treasure to your parish.

"Everything is all in one place. There is no longer an information silo, and others can be trained to use the software with ease."

— Kelly Schreckenberger,  
Director of Evangelization and Communications,  
St. Lawrence Catholic Church, Georgia
