

CHURCH
MANAGER

LESS TIME ON MANAGEMENT. MORE TIME ON MISSION.

With OSV Church Manager, experience a Catholic church management solution that offers all the benefits without the burden. Our solution will save your staff time and money. Input from parishes just like yours has inspired OSV to make our product intuitive and easy to use, so your staff doesn't require a PhD in technology. With everything your team needs in a single system, you can stay informed about your parish, stay connected with parishioners, and easily maintain records, finances, and funds.

- Everything you need in one system
- Save time and resources
- Easy to use and intuitive
- Keep data safe, secure, and up-to-date
- Outstanding customer service and support

A CATHOLIC COMPANY HONORING CATHOLIC VALUES.

EMPOWER YOUR PARISH PROCESSES

Facilitate Seamless Workflows

A Catholic solution designed for the parish process, OSV Church Manager streamlines the time-consuming tasks siloed at your parish office. To help you solve administrative tasks at your church with ease, five modules work together seamlessly: Directory, Religious Ed, Envelopes, Giving, and Forms. Each module has a unique dashboard and provides tools to execute tasks that flow through the whole system.

Simplify Your Giving Systems

With our single sign-on system, your staff can simply and effectively integrate your envelopes and online giving into your directory and parishioner records. These direct integrations eliminate the extra work of maintaining envelope lists, give you the convenience of barcode support for entering contributions, and correlate parishioners' online giving accounts with their records in your database.

Renew Your Approach to Registration

Registering a new parishioner or family at your church is a simple process with Church Manager. Add a new family yourself, capturing their sacramental record data alongside their demographic and contact information, or send them a link to self-register at their convenience.

Stay Connected with Parishioners

Church Manager Directory equips you to keep member data contained in one ecosystem. Smart search automatically suggests corrections, label tagging enables you to segment and identify parishioners by keywords you create, and group messaging makes contacting groups of parishioners easy.

Manage Finances Meaningfully

Contribution tracking and our QuickBooks export allows parishes like yours to easily manage finances, provide tax statements, and export reports without having to own and operate another system. Guest gifts can also automatically be matched based on contact information to save your staff even more time and effort.

Leverage Unparalleled Customer Support

Your data is safe and secure from the beginning during our migration process and ongoing after implementation, and our exemplary service and support teams will always be available to help. At OSV, we are sensitive to the challenges that parishes face and have the experience to support your challenges today and into the future.
